

### Section 1, Exercise 1

Plot the function  $f(x) = \sin(10x)e^{-x}$  over the range 0 to  $2\pi$ .

## Section 1, Exercise 1

Plot the function  $f(x) = \sin(10x)e^{-x}$  over the range 0 to  $2\pi$ .

## Section 1, Exercise 2

1. Use the data in the file `height.txt` to draw a histogram. This data represents the heights of 500 adult males, given in inches.
2. Find the mean and standard deviation of the data set and display the values on the histogram.

## Section 1, Exercise 2

1. Use the data in the file height.txt to draw a histogram. This data represents the heights of 500 adult males, given in inches.
2. Find the mean and standard deviation of the data set and display the values on the histogram.
